Hi all,

Attached is a draft scope of work for my part.
We may want to discuss tomorrow.

Toby

Subject: RE: call in number/code for Thursday economics conference

Hello,
Sounds like you all can be in on the economics conference call tomorrow at 10:00 Mountain daylight --- this is regarding the Bristol Bay assessment.
The call in number is Non-Responsive and the participant passcode is Non-Responsive.
If you should have any difficulties with the call you can do a *0 and/or email Chris Neher at bioecon@montana.com during the call.
Thanks! look forward to speaking with everyone.

John

Subject: RE: reschedule Thursday Econ call from 11:00 to 10:00?

Hello everyone,
Thanks so much for getting back to me on your availability for a call this Thursday (april 21) at 11:00. However, I just found out that a lunch event with one of my thirdgraders is actually 11:35 to 12:25 that day.
Could everyone in the core team (Gunnar, Toby, Chris and Jenny) reschedule to an hour earlier at 10:00 Mountain Daylight?
Sorry about that. Hope it works for you all.
Will get out some info on conference phone number/passcode prior to the call.
Thanks.

John

Thanks John!

I am available Thursday at 11 Mountain time (1 pm Eastern). I look forward to hearing your thoughts on the outline, as well as the cultural materials.

Thanks again,

Jenny

Hi Jenny,

I'm at some meetings in Portland this week or would have replied earlier.

I will be glad to coordinate the economics synopsis and have worked this out with Gunnar and his team (forwarded you this communication separately).

I have been giving some thought to the subsistence/TEK questions and will have something on this next week.

We set up a tentative call on the economics synopsis for the economics team next thurs at 11:00 mountain daylight. Does this work for you?

Thanks.

john

Subject: Re: Fw: preparation of the ECONOMICS portion of the draft synopsis

Hi All-

I just had the opportunity catch up on my emails and saw that Phil had forwarded me Gunnar's email from earlier this morning. I agree that it would be very helpful if we could start fleshing out and economics outline. I'm not sure there has been additional email traffic among all of you, but if you are still in need of some one to compile and organize input, I would be happy to do so. Please just let me know!

On a separate note, I'd like to follow-up and see if anyone has had the opportunity to think about if there are any questions we'd like to propose to Allan and Catherine for incorporation into the cultural survey (see email below).

Can I ask everyone to send me their input (on the cultural survey and/or for the economics outline) by the end of the day on Wednesday of next week (4/20)? This will allow me to compile everyone's thoughts

on Thursday and send it back out to the group for reaction. I'd suggest a conference call early the next week (4/25) to discuss by phone.

Thanks again!

Jenny

Subject: Fw: Bristol Bay TEK questions and narrative

Hi All-

Here are the first cut at the cultural study questions from Catherine and Allen. As you might expect, these documents are drafts and still undergoing changes and improvements.

Catherine recommends reading the narrative first to provide some context to the questions. If you all could review and do a little thinking as to questions or concepts that may be helpful from an economics perspective, that would be fantastic. If you send me your thoughts, I'll be happy to compile and pass on to Catherine and Allen.

Thanks so much!

Jenny

Subject: preparation of the ECONOMICS portion of the draft synopsis

Hi Dan et al:

Following the general format of the text that Daniel sent us, I will prepare a draft text for the COMMERCIAL FISHERY portion of the ECONOMICS portion of the draft synopsis by no later than Wednesday April 20, and hopefully sooner.

Ex. 5 - Deliberative

Ex. 5 - Deliberative

I would prefer that someone other than me be in charge of coordinating this process--arranging a phone meeting and pulling together the final full ECONOMICS portion. Do we have a volunteer or obvious candidate?

--Gunnar

Hey All,

I'm attaching a draft synopsis of the fisheries end of the Bristol Bay watershed assessment. This document summarizes the pertinent information and gives the primary supporting references for most of the sections that we identified in our preliminary outline.
